SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>

- **State Executive Order N-07-21 and N-08-21**

On June 15th, the Governor terminated the executive orders that put into place the Stay Home Order and the Blueprint for a safer economy. He also phased out most executive actions put in place since March 2020 as part of the pandemic response, leaving a subset of provisions that facilitate the ongoing recovery. For more information visit: [Executive Order N-07-21](#) and [Executive Order N-08-21](#)

- **Executive Order N-09-21**

On 06/17/21, California revised Covid-19 Prevention Emergency Temporary Standards based on a vote by the Occupational Safety and Health Standards Board, to take immediate effect on 06/17/21. The updates include changes to face coverings and physical distancing requirements. More information on the revised Covid-19 Prevention Emergency Temporary Standards can be found in CAL/OSHA's Frequently Asked Questions: [Frequently Asked Questions](#)

- **CDPH Statewide Travel Advisory**

As of 06/15/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information: <https://www.cdph.ca.gov/Programs/CID/DCDC/CDPH%20Document%20Library/COVID-19/CA-is-Open-Travel-Guidelines.pdf>

On 04/21/21, the State Operations Center (SOC) changed the reporting tempo for the COVID-19 Sit Stat and Trifold Reports from daily to once a week. Updated reports can be expected every Tuesday of each week until further notice.

SITUATION SUMMARY

Coronavirus Disease 2019 (COVID-19) (Continued)

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 06/22/21 at 1700 hours:

- 179,696,026 (+2,495,334) total confirmed cases
- 3,891,297 (+58,951) total deaths

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 06/21/21 at 1700 hours:

- 33,368,860 (+65,575) total confirmed cases
- 599,354 (+1,760) total deaths

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 06/22/21 at 1700 hours:

- 3,704,640 (+6,713) total confirmed cases

COVID-19 Vaccines Administered – Per Vaccine Task Force as of 06/21/21 at 1700 hours:

- 40,622,774 (+833,284) vaccines administered
- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details

Phase II Activation of the Heat Contingency Plan

- Phase II of the California Heat Contingency Plan has been activated as of June 16, 2021, through next week due to forecasts of dangerous and excessive heat for portions of Inland, Coastal, and Southern Regions. State agencies will be contacted for actions in accordance to the Heat Contingency Plan.
- Intensity of the heat, poor overnight recovery, and prolonged duration of the event are forecasted for areas that do not typically experience high heat for an extended period of time.

Cal OES INLAND REGION

Teviston CSD Water System Failure, Tulare County

On Monday, 06/14/21, Tulare County OES reported a water system failure in the community of Teviston, which has 110 service connections and a population of approximately 348.

- Tulare County OES coordinated the delivery of bottled water to each residence, which should provide enough water through the weekend and through the Excessive Heat Warning weather event. Participating agencies included several Tulare County departments, Self Help Enterprises, Community Services Employment Training (CSET), and Cal OES Inland Region.

City of Lemoore (Kings OA) Water Tank Explosion

On 06/21/21, one of the tanks at the City's Station 7 Water Facility Complex failed following a small explosion, causing 1.5 million gallons of water to dump and the loss of use of the Station 7. City of Lemoore proclaimed a local emergency. No requests for assistance at this time.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Interior areas of northwest California will heat up through the weekend, with hot weather lasting into next week. Sunday is expected to be the hottest day, with the focus of the heat in the areas included in the Excessive Heat Warning area. High temperatures between 100 and 112 degrees are forecast for the interior valleys in this area.
- Dangerously hot conditions with temperatures up to 105 possible for northeast California and the Sierra Front from Sunday afternoon through Wednesday evening.
- An Excessive Heat Warning will go into effect on Saturday, 06/26/21 and last into 06/29/21 in Siskiyou and Modoc County.
- An Excessive Heat Watch will go into effect on Saturday, 06/26/21 and last into 06/28/21 in the Sacramento Valley region, Colusa, Shasta, and surrounding foothills and mountains.
- An Excessive Heat Watch will go into effect on Saturday, 06/26/21 and last into 06/28/21 in Mendocino, portions of Humboldt, Lake, and Trinity Counties.
- An Excessive Heat Watch will go into effect on Sunday, 06/27/21 and last into 06/30/21 in Surprise Valley and in portions of Lassen and Plumas Counties.

SOUTHERN CALIFORNIA

- Elevated fire weather in the deserts due to low humidity and gusty winds through the weekend.
- Excessive Heat Watch for portions of southeast California from late Sunday morning through Monday evening.
- Excessive Heat Watch for portions San Diego County Deserts and Coachella Valley Sunday morning through Monday evening.
- Excessive Heat Watch for portions of Apple and Lucerne Valleys Sunday morning through Monday evening.

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

06/25/21 - 07/01/21

Friday-Thursday

- Heat impacts will increase across the northern Sacramento Valley today as temperatures reach the lower 100s, with significant and widespread heat impacts developing for much of the state through the weekend and into early next week.
 - Widespread temperatures of 100 to 110 degrees will become common across the Central Valley, while interior locations in southern California reach 100 to 120 degrees each day through next week.
 - Areas closer to the coast will also experience heat, with temperatures inland away from the shore warming well into the 90s.
- Locally elevated fire weather conditions will continue over the foothills and mountains in many areas through next week with periods of breezy winds and ongoing dry conditions
- A few isolated thunderstorms are possible Friday over the central Sierra and areas to the east.
 - Additional showers and thunderstorms could develop over much more of southern and perhaps central California by the middle or end of next week as some moisture begins to increase from the south

Saturday

Sunday

Monday

Category	Level	Meaning	Category	Level	Meaning
Green	0	No Elevated Risk	Red	3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Yellow	1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration	Magenta	4	Very High Risk for entire population due to long duration heat, with little to no relief overnight
Orange	2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration			

WEATHER OUTLOOK

06/30/21 - 07/08/21

6-10 Day Outlook (June 30 – July 4)

Temperatures

- Above normal temperatures are favored to continue statewide

Precipitation

- Above normal precipitation is favored across much of eastern and central California, with near normal precipitation across western portions of the state

8-14 Day Outlook (July 2 – July 8)

Temperatures

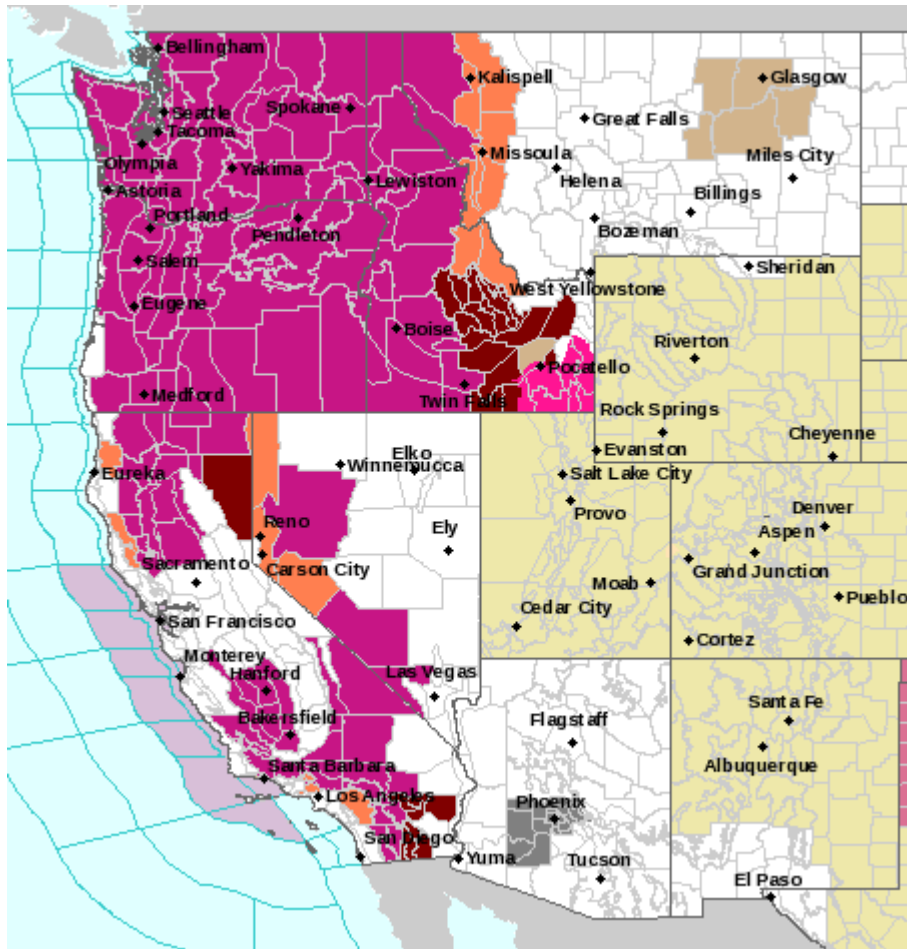

- Above normal temperatures are favored statewide once again

Precipitation

- Above normal precipitation is favored for much of the state, with the exception of far northern California where near normal precipitation is favored

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2021-LAW-65508, 06/24/21, 1503 hours:** Tuolumne County Sheriff requested Santa Clara County Sheriff assist with an underwater search for a presumed-drown female in Lake Don Pedro. Santa Clara County Sheriff accepted the mission, specifically for advanced 3D Side-Scan sonar capabilities, and is coordinating with Tuolumne County Sheriff. **Mission On-Going.**
- **2021-LAW-65516, 06/24/21, 1730 hours:** Calaveras County Sheriff requested ROV and Tow Fish assistance with a human remains water recovery at New Melones Lake. Region IV AC contacted Sacramento Sheriff and they accepted the mission. **Mission On-Going.**
- **2021-LAW-65520, 06/24/21, 2219 hours:** El Dorado County Sheriff requesting immediate response SAR personnel for a missing 10-year-old juvenile in the Desolation Wilderness area southwest of Lake Tahoe. The juvenile was backpacking with a group and playing hide and seek. He went missing and has not been seen for several hours. Marin SAR personnel were training in the area and accepted the mission. CHP aircraft were unavailable for an aerial search. LDO attempted to task air resources with FLIR capabilities from Sacramento Sheriff and FIRIS. FIRIS unavailable; Sacramento Sheriff assessed mission; cancelled by LDO due to CHP H24 becoming available for the search. **Update: 06/25/21, 0701 hours:** Child located by SAR personnel. Juvenile experiencing minor weather exposure issues. SAR personnel extracting juvenile to location where medical teams can access. **Mission On-Going.**

Cal OES MISSION TASKINGS

Cal OES Missions

- **2021-TACCOM-0422:** Kit-1 and HQ-10 of Sonim phones to Chico State and the CPUC for their annual Cellular speed test. Typical usage time is 30-45 days.
- **2021-TACCOM-061621:** Sonim Kit HQ3 assigned to OCFA to test Android phones for fire season. ETA Return is 10/21/21. COMC monitoring.

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
